# WE PROVIDE UL CERTIFIED PLANTS

## To ensure maximum safety and quality

The **UL Mark** certifies that UL technicians annually test the systems built by **Tecno Elettra** and **D.G. TALE** and evaluate them **suitable for the standards** in relation to their potential **risks of fire, electric shock and mechanical dangers**.

## THE UL. CERTIFICATION MARK

### For quick access to the North American market

North America applies **very strict requirements** on the construction of electrical systems which can be marketed only if they **comply with these standards**.

This Certificate of Compliance indicates that representative samples of the product described in the certification report have met the requirements for UL certification. It does not provide authorization to apply the UL Mark. Only the Authorization Page that references the Follow-Up Services Procedure for ongoing surveillance provides authorization to apply the UL Mark.

Only those products bearing the UL Mark should be considered as being UL Certified and covered under UL's Follow-Up Services.

Look for the UL Certification Mark on the product.
